FOR IMMEDIATE RELEASE:

Keller Williams Experience Realty of Downers Grove helps teens in Lisle reach their potential

Chicago, Ill. – June 26, 2018– ChildServ, a nonprofit in Chicago dedicated to building better lives for children, recently partnered with more than 30 Associates from Downers Grove’s Keller Williams (KW) Experience Realty to landscape, paint, and improve its group home for teenage boys in Lisle.

“Thank you to our friends at Keller Williams Experience Realty for their hard work, generosity and commitment to making sure our boys live in a nice, comfortable home,” said Dan Kotowski, President and CEO of ChildServ. “We appreciate their investment in lives of our youth and look forward to continuing our partnership in the future.”

“It is an honor and privilege for Keller Williams Experience Realty to partner with an amazing organization like ChildServ,” said Jennifer LeGros, Realtor and Associate Leadership Council Member. “RED Day has been a fulfilling experience for our associates, and we plan to continue serving the community, along with our affiliate partners, throughout the year.”

This is the second consecutive year that KW Experience Realty has volunteered with ChildServ during its company-wide, annual day of service, RED Day (Renew, Energize, and Donate), improving the lives of teenagers in the organization’s group homes and making a difference in the community.

The volunteer opportunity was made possible through the kindness of local businesses and professionals: JC Licht, which donated the paint used in the bedrooms, bathrooms and basement; Sheer Landscaping Services in Downers Grove, supplier of dirt and mulch for the yard; electrician Mike Rice who shared his time and talent to upgrade light fixtures around the house; and Boerman Moving and Storage in Woodridge provided lunch.

ChildServ operates three group homes in DuPage County, providing youth ages 12-18 with a safe, supportive environment so that they finish high school, receive life skills training and clinical services so that they become self-sufficient adults.

About ChildServ

Since 1894, ChildServ’s mission has been to protect, heal and educate children and families so they can build better lives. The human services agency provides in-home, trauma-informed programs in Cook, DuPage, Kane and Lake counties, including early childhood education, foster care and adoption, and housing for homeless young adults and teenagers.
